## UNDER THE SEA

Anemone is a rug inspired by a painting in which the brushstrokes imitate the slow movement of sea anemones. The different shades of blue, red, grey or green of the watercolor are perfectly transposed with wool. Each shape is carved out by hand into the wool to add some definition to the design.

Anemone is available both in standard dimensions and bespoke colors and shapes.

La Chance rugs are handtufted in India. Each rug is made by hand using the best yarn from New Zealand and died for each rug to perfectly adapt to our clients requests.

Anemone is also available in a round version.
